ABOUT EXCAPADE SUSHI RESTAURANT

Excapade Sushi is the first Japanese restaurant established in Brunei and the first to introduce conveyor belt or sushi train.

They have a total of ten branches located all over the country, whose main goal is to provide the best Japanese cuisine in a Japanese style ambience with the most affordable price.

Partnership with **Initial Hygiene** to meet food safety regulations set for food industry in Brunei.

"Rentokil Initial Brunei has been a great partner to us since 2010 in ensuring a clean and hygienic dining experience. Their professional pest control, cleaning and drainage services have been working wonderfully for us.

Our restaurant adhere to food safety regulations in which Rentokil Initial contributes immaculate cleanliness, pest or sanitation advices to meet the standards set for the industry. They have seamlessly fulfilled these requirements through their well-trained service technicians and cleaners who work very closely with us.

Rentokil Initial delivers their services in a timely manner with almost immediate actions when needed. In short, they are reliable and efficient, highly recommended."

- Robinson Bauyon, Excapade Sushi Restaurant Operations Manager.
